

READOUT STATION

XORAYA DATACUBE-C6+

The XORAYA Datacube-C6+ is a fast readout station for up to six External Storage Units (ESUs).

PRODUCT OVERVIEW

Description

The XORAYA Datacube-C6+ represents an advanced iteration of our existing Datacube-C6 model. This enhanced version boasts a download speed of 5 Gbit/s, a significant increase compared to the base model. It supports simultaneous connections for up to six devices, which can be accessed and managed through a terminal or PC. Additionally, the download rate is optimized to match the maximum read speed of the integrated SSDs, ensuring efficient data handling.

Product Highlights

- ✓ Fast readout station for up to six XORAYA ESUs
- ✓ Up to 5 Gbit/s download speed
- ✓ Stand-alone and intuitive usability

Technical Data

Further information can be found on our website.

Interfaces	Download rate	Temperature range	Dimensions
Up to 6 ESUs	5 Gbit/s	0 °C to +40 °C	187 x 210 x 228 mm
